Our business provides... (please provide an outline of your business operations):

Our funds or assets under management in US dollars (USD) are:

Asia FUM \$ **Total Global FUM** \$ **As at (date)**

We would like to join AIGCC to... (please list your objectives)

We endorse the mission of the AIGCC, which is that we will catalyse investor action on climate change to avoid dangerous global warming, responsibly manage long term risks and drive sustainable returns for investors and the beneficiaries they represent.

We will contribute to the Mission of the AIGCC by:

- Participating in the AIGCC by attending meetings, participating in working groups or initiatives and supporting activities
- Demonstrating progress in:
 - Incorporating the risks and opportunities associated with climate change into investment decisions or investment advice as appropriate, and into business operations
 - Assisting in raising awareness of the risks and opportunities associated with climate change in the investment industry, corporate, government or community sectors
 - Encouraging other organisations within the broader investment industry to join the AIGCC and support the AIGCC activities

We will seek to demonstrate progress in these areas in the following ways (please provide any examples of initiatives that your organisation is undertaking or intends to undertake in the next 12 months in this regard):

Where appropriate we will provide updates to AIGCC on activities that have contributed to the AIGCC Mission.

In the event of our admission as a Full, Associate, Funding or Supporting Member, we agree to be bound by the Constitution of the IGCC for the time being in force.
